

Specifications

Power	AC : 110V(60Hz) / 220(60Hz)
Power consumption	<120W
Air volume	≥600 CMH
Noise	Maximum wind-speed <52dB
Filter	H12 HEPA filter(0.3μm The removal rate is up to 99.5%)/Primary filter
Air intake/ outlet	6 inch of round tube X1
Communication	Wi-Fi / RS-485 Modbus RTU
Removal rate	PM2.5 The removal rate is up to 99%
Dimension	38.5 x 36 x 40 /cm(LxWxH)
Weight	≤16kg
Material	galvanized steel / baking paint
Certification	CE safety certificate · TAF Laboratory certification · TAF Anti-corrosion

Let you take a deep breath

Positive pressure ventilation

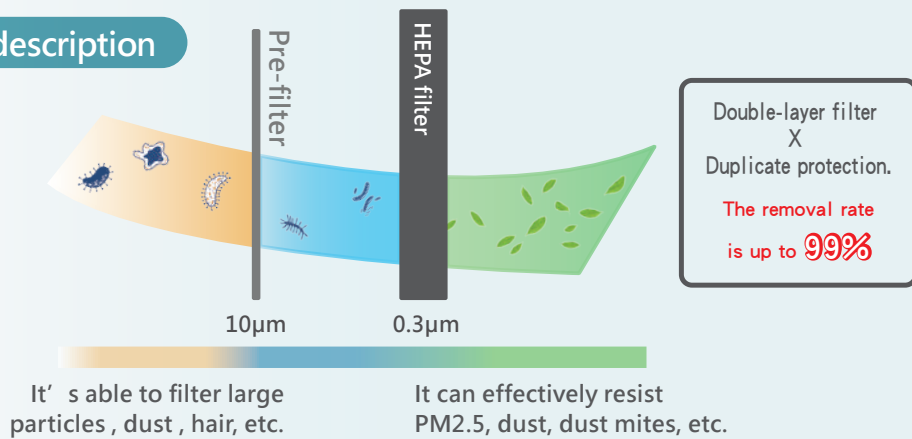

| Intelligent linkage | Ventilation and purification |

| Reduce allergen | Get rid of pm2.5 and Formaldehyde(HCHO) |

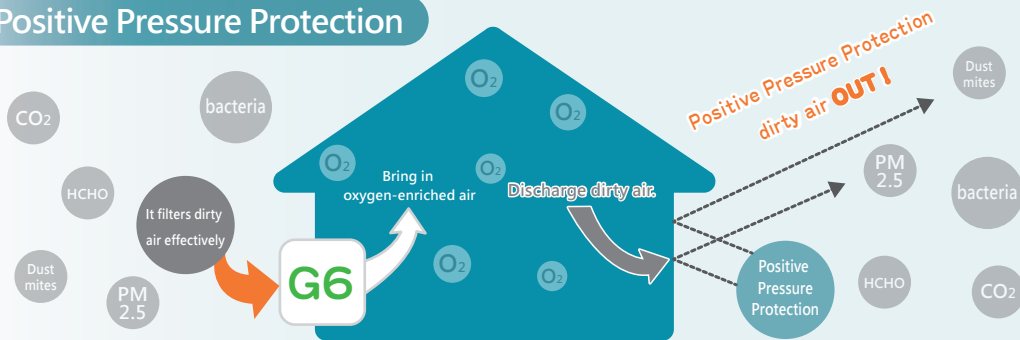

Made in Taiwan 

Filter description

Positive Pressure Protection

Intelligent linkage

Window accessories	Extension tube accessories	Special accessories
1. Baffle 1.9 meters or sealing cloth	1. Exhaust hose 3 meters 2. Exhaust Hose adapter	1. wheel
2. Baffle 1.9 meters or sealing cloth		
3. Exhaust Hose 2 meters		
4. Rat guard		
5. Tube oblong connector		

Intelligent linkage can be turn on through Wi-Fi

It's not only sensor but also remote controller.

According to demands to choose accessories.

- Galvanized steel baking paint High durability
- Easy installation It avoids destroying wall.
- Fashion industrial design.

*Installation diagram, the actual situation is still based on the installation site.

Advantage analysis

Certified by **TAF** and **CE**, with quality guaranteed.
Give you a new space for active oxygen and breathe fresh air

Applying area is more than 132 square-meters.
Certified by TAF with quality guaranteed (As shown on the left)
Small size but having **clean and large air volume above 600CHM** (inclusive),
and it can **effectively filter PM2.5 up to 99%**.
ring in fresh oxygen and discharge dirty air effectively.
Give you a healthy living space with high active oxygen under positive pressure protection.
Applications: Hospital, School, Work place, Home, etc.
According to the situation of air quality,
turn on or turn off G6 automatically,
thereby achieving **environmental protection and energy saving**.

60 minutes
CO₂ plunges by **76%**

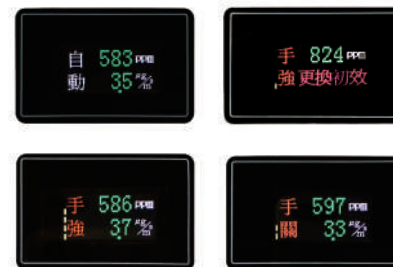

60 minutes
PM2.5 plunges by **80%**

Screen display, stick out a mile!

LCD displays various functions in Chinese.
Let you know the effect of ventilation and de haze more clearly.

operation condition and filter replacement tips.

Operation is more user-friendly!

win
Compare the two

The difference between the two.	Positive pressure ventilation G6S	Air purifier
Get rid of PM2.5 and HCHO	Excellent	Excellent
Reduce CO ₂	Excellent	None
Air volume	Excellent	poor
Fresh air	Excellent	None
Intelligent linkage	Excellent	None
Centralized management of multiple(Optional)	Excellent	None
